Teacher's Note

Great work! You demonstrated an outstanding grasp of the MCQs, achieving a perfect score in that section, and provided a textbook-perfect, 5-mark explanation of 19th-century liberalism. Moving forward, the most crucial area for improvement is exam strategy: you lost 12 points simply by skipping the three case-based questions (Q20, Q40, and Q41). Make sure to carefully review the entire question paper so that no section is left unattempted.
